WARREN HAY MARINE / SHIMANO TUTUKAKA SMALL BOATS IN CONJUNCTION WITH FURUNO

8th to 9th March 2019

CONTEST RULES

STATEMENT OF PURPOSE

Our Fishing Rules have evolved internationally so that, in their observance every fish should have a sporting chance. Captures in which the fish has not fought, or in which the fish has not had the chance to fight, on the gaff rope or at the boat, are not caught within the intent of our rules and do not reflect credit on the fish or the angler. Only fish caught within the Whangarei Deep Sea Anglers' Club & NZSFC Angling Rules, incorporating the IGFA Equipment and Angling Regulations, and within the intent of these rules will be recognised. We, as the Committee of the Whangarei Deep Sea Anglers' Club, reserve the right to call a witness boat to verify a catch.

ELIGIBILITY

Anglers must be current financial members of the WDSAC or a club affiliated to the NZSFC. A team may be comprised of any number of anglers with a **minimum of two anglers**. If visiting anglers are not able to produce current membership cards, their membership will be checked through the secretary of their club. Failure to be a financial member of a club will result in disqualification from the contest. Team captains are responsible for this. **All fish are to be credited to WDSAC.**

SMALL BOAT DEFINITION

Maximum **8** metres overall hull length - does not include "Added on" bowsprits or duckboards. All boats 4-5 metres or under, should have a foredeck and windscreen attached to their vessel.

SAFETY

All boats must carry flares, life jackets for all people on board and also must have either a radio or cell phone in working condition - It is the skipper's responsibility to ensure that the vessel is capable of going to sea at all times. With this in mind, **All Skippers MUST sign a statutory declaration prior to start fishing.** The Committee reserves the right to cancel any entrant whose vessel is in our opinion found to be unseaworthy.

RADIOS

All boats must have either VHF or CELLPHONE. Those with hand held radios must stay in visual contact with another boat.

VHF channel 07 is a public channel – the use of this channel is a privilege and not a right. Any team who is found to abuse this privilege by the use of extended offensive language or behaviour will be disqualified from the tournament and entry fees will not be refunded.

REGISTRATION / BRIEFING

The Committee expect to see at least one representative of each team at the briefing on Thursday evening 7th March, commencing at approximately 7.30pm at the WDSAC Clubrooms. Registration for the contest should be done prior to briefing if possible, or at the Clubrooms on the evening of Thursday 7th March.

CONTEST FEES

The contest fees are \$60-00 per Senior angler and \$30-00 per Junior angler and must be paid prior to the commencement of fishing and are not refundable unless the tournament is cancelled. Any alteration to teams listed on the entry forms must be notified and paid prior to the start of the days fishing.

In case of hook-ups, the radio operator must be notified as soon as possible and your flag hoisted to half mast **Hook ups must be called in to Tutukaka Gamebase before stop fishing - any fish called in after stop fishing will be disqualified**

PLEASE NOTE if you have not caught or tagged a tournament fish during the day's fishing, you may fish back to Tutukaka after Stop Fishing, except on the last day of the contest, when baits and lures must be out of the water by 4.00pm unless a fish is being played.

SECURE BOAT STORAGE

Secure parking for boats and trailers is available at the Tutukaka Holiday Park from \$5 per night - Gates are unlocked each morning at 6:30am. Contact the Holiday Park to make arrangements – Ph: (09) 434 3938.

SCORING

The contest will be divided into nine sections: HEAVIEST MARLIN – TAG & RELEASE MARLIN - MOST POINTS OVERALL MARLIN (*landed and tagged marlin*) - MOST POINTS BROADBILL (*landed and tagged Broadbill*) - HEAVIEST YELLOWFIN, BIG EYE or BLUEFIN TUNA – HEAVIEST MAHIMAHI - HEAVIEST YELLOWTAIL – HEAVIEST SHORTBILL SPEARFISH - HEAVIEST SNAPPER

Points will be awarded for landed marlin and broadbill on the basis of one point per kilo for fish weighed, regardless of line weight. Points for landed marlin will accumulate for the major prize.

Please see the attached sheet for section prizes available in the tournament.

TAG & RELEASE

Each Tag & Release Marlin will be awarded 120 points and the prize for Tag & Release Marlin is a **team prize**. Each Tag & Release Broadbill will be awarded 120 points and tag and release Broadbill points will accumulate for the team prize for Most Points Broadbill. There are **no** Tag & Release sections for any other species. When a fish is tagged, the tag card must be filled in and handed to the weighmaster with a completed catch sheet and the tag number recorded on the catch sheet. The Angler must also present the Rod, Reel and tackle with which the fish was caught. The Weighmaster may also request to inspect the Tag Pole.

ALL Tag & Release Billfish must be accompanied by photographic evidence and be presented to the Weighmaster. If sufficient photographic evidence is not provided, the fish will simply be disqualified. The decision made by the Contest Committee in this respect will be final and no further discussion or correspondence will be entered into.

Photographic Evidence

Your photo or video **must capture the tag in the fish**. When you call in your tagged fish the radio operator will advise you of **a clearance photo** – this will be a random photo that you need to take to present at the weighstation together with the tag in the fish photo.

It is essential that you call in your catch to Tutukaka Gamebase over the VHF just as soon as possible – this will be recorded as the time of capture (according to the tournament clock). Tutukaka Gamebase will be operating on VHF Channel 7 - If you are outside VHF and cell range and have tagged and released a Marlin you must photograph or record your vessel underway and fishing again as soon as practicable after releasing the fish and continue your attempts to reach Tutukaka Gamebase on VHF or cell.

When calling in your tagged fish please give the radio operator the tag number. In the event of a **tie**, the winning team will be the team amassing their points first based on the time of capture as recorded by Tutukaka Gamebase (according to the tournament clock).

MINIMUM WEIGHTS

MARLIN & BROADBILL 75kg, if caught on 15kg & over, SHORTBILL SPEARFISH 10kg, TUNA 15kg, MAHIMAHI 5kg, SNAPPER 5kg, **Yellowtail must equal or exceed line weight and are limited to one per person, per day.**

WEIGH IN

On Friday 8th fish may be weighed between the hours of 5:00pm to 7:30pm

On Saturday all catch sheets, including tag cards, must be at the Bradley Smoker Tutukaka weighstation and contest fish waiting to be weighed in by 5.30pm, unless the fish is being played at Stop Fishing time.

If a fish is still being played at Stop Fishing catch sheets, including tag cards and contest fish must be presented at the weighstation by 6:30pm to qualify for the tournament – no exceptions.

All boats weighing fish or presenting tag details must call Tutukaka Gamebase when entering the harbour. All catches are to be weighed on the official scales at Tutukaka by an official weighperson/s designated by the W.D.S.A.C. Each angler must fill in a catch form declaring that the catch was made in accordance with the contest rules. **Catch sheets must be filled in before fish are presented at the scales.** All details must be CLEARLY entered and the form passed to the weigh master immediately on arrival at the Tutukaka weighstation, For all catches, including tagged fish, the angler must present the Rod, Reel and tackle with which the fish was caught. The Weighmaster may also request to inspect the Gaff and/or Tag Pole. **All fish are to be credited to WDSAC.**

TACKLE

All tackle must be in accordance with the IGFA Rules but line weight shall not exceed 60kg. In all matters not specifically covered, IGFA Equipment and Angling Regulations shall apply. WDSAC has adopted IGFA Equipment Regulation A 4, which specifies as follows: “The catch shall be classified under the breaking strain of the first five metres of line directly preceding the double line, leader or hook. This section must be comprised of a single, homogenous piece of line.” In other words, the first five metres of main line determines the line class used. Any type of line, including those known collectively as “braids” may be used as backing, whether attached to the main line or simply used as padding under the main line. The minimum amount of line class top-shot is five metres but there is no maximum amount of top-shot that may be used.

BAD WEATHER

In the event of unfavourable weather conditions, the Contest Committee reserves the right to cancel fishing for the day.

PROTESTS

Any protest concerning the validity of any catch shall be filed in writing and signed by the plaintiff no later than 7.00pm the same day. In the case of a protest the Contest Committee’s decision is final and no correspondence will be entered into.

PRIZEGIVING

Prizegiving will be held in the clubrooms at 7.30pm on Saturday unless there are an excessive number of fish to be weighed. There will be lucky draws (**anglers must be present to win the lucky draws**) and much, much more for your enjoyment. The distribution of prizes within your team is the team’s responsibility. Set the ground rules now as the Club will not get involved in your domestic differences.

All tag & release Marlin during the tournament will be entered into a special Angler draw for \$250 (kindly donated by the Tutukaka Marina Management Trust) to be held at the Prizegiving on Saturday 9th March.

CALLING IN YOUR CAUGHT OR TAGGED FISH INFORMATION REQUIRED

FISH, ANGLER, TEAM NUMBER, BOAT, EST. WEIGHT FOR TAGGED FISH, LINE WEIGHT, TAG NUMBER IF TAGGED, LURE TYPE & AREA.

ESTIMATING WEIGHTS FOR TAGGING

If you have a concern that you can not establish the size of a fish whilst it is in the water, an easy method to ascertain it's weight is to get an ordinary piece of household ribbon; cut it into 2.3 to 2.4 metres long, with an ordinary safety pin on one end. As the leader comes up, place the tag first, then slip the safety pin over the leader and let the ribbon go down the leader and run along the side of the fish while it is in the water. If the fish is longer than the ribbon, the fish is over 90 kg.

PLEASE: NO CLEANING OR DISPOSING OF FISH WITHIN THE HARBOUR
